

2006
CALIFORNIA
Sauvignon Blanc

The **2006 Stonehedge California Sauvignon Blanc** delivers a delightful melody of pear-melon, with flashes of pineapple fig in a lasting yet crisp and clean finish. It is produced 100% from Sauvignon Blanc grown in Napa Valley, and hillside Chardonnay from Santa Lucia Highlands. Carefully selected and picked at optimal ripeness for a perfect balance this Sauvignon Blanc will be excellent in warm weather. Its well balanced acidity makes this a great food wine, while its aromatic bouquet makes it enjoyable as an aperitif. Enjoy!
